### **Sewer Lateral Inspection Fact Sheet**

This portion must be completed by the Contractor or Video Inspection provider and submitted with the video inspection.

**Please mark one of the choices.**

- Property Type:     Single family       Multi Unit       Commercial unit
  
- In your estimation, was any portion of the lateral Orangeburg material:     YES     NO
  
- **Make an aerial sketch below.** Sketch must show:
  - 1) Indicate the beginning location point of the video inspection in relation to the house/property. (**Counter must be zeroed out** when video is started from under the property).
  - 2) Include and show the location footage where the pipe goes under/through building foundation, backside of sidewalk, and City sewer main connection.
  - 3) Include location footage and description of any noticed pipe defects. (Example: Orangeburg pipe, broken pipe/cracks, roots, or offsets).
  - 4) The video inspection must capture all of the sewer lateral from under the property to the City sewer main.
